FIRST OUT UTILITY RESCUE

FIRST CHOICE OF FIRST RESPONDERS
Introducing the Fouts FOUR

The first of its kind in the industry - designed specifically to be the best First Out Utility Rescue. The Fouts FOUR features a lightweight aluminum body which allows you to carry multiple rescue tools and more equipment. This feature-packed response vehicle can help your team respond to the wide variety of emergency calls required by today's Fire, Rescue and EMS professionals.

VERSATILE

The Fouts FOUR, with its multipurpose call capacity, can operate in a wide range of conditions from high density tight traffic areas to rural brush fires. Features include 1,500 GPM pump and 300 US Gallon capacity. F550 Ford chassis 4x4 crew cab.

AFFORDABLE

We've packed a lot of value in this apparatus and made it affordable, even for departments with tight budgets and limited resources. You'll use the Fouts FOUR across a wide range of first responder services including EMS calls, traffic emergencies, fire and rescue.

ECONOMICAL

The Fouts FOUR can help you control maintenance costs. Dispatch this multipurpose unit on calls that don't require your big rigs, reducing maintenance and wear-and-tear on large apparatus. This truck can also operate with a smaller crew and still be able to perform multiple tasks.
